

DIPLOMA IN MODERN APPLIED PSYCHOLOGY

The background is a vibrant green with a complex, abstract geometric pattern. It features a large, central, multi-faceted shape resembling a stylized head or a complex crystal. Within this shape, there are three large, interlocking gears. The gears are white with green outlines and are set against a green background. The entire design is composed of various shades of green, from light to dark, creating a sense of depth and complexity. The overall aesthetic is modern and technological, with a focus on geometry and mechanical elements.

EVALUATING YOURSELF:
HUMAN GIVENS

EVALUATING YOURSELF: **HUMAN GIVENS**

Understanding the Human Givens ideology enables us to identify those aspects of our lives which might not currently be fulfilling us quite as much as we'd like them to. Once we know the voids in our lives, we can then choose to make the necessary adjustments.

1. Which of your 'Human Givens' are and aren't being actualized in your life today:

2. Security: Do your social/family/work circles provide you with space to be yourself?

3. Attention: How does the attention you receive compare to the attention you give others?

4. Being Part of a Community: What are you part of that's greater than just yourself?

5. Privacy: How much opportunity do you take to reflect and consolidate your life experiences.

6. Emotional Intimacy: Which of your relationships requires an investment of intimacy today?

EVALUATING YOURSELF: HUMAN GIVENS

7. Sense of Status Within Social Settings: Where are you valued within a social setting?

8. Sense of Autonomy & Control: How much more responsibility could you take for aspects of your life?

9. Sense of Competence & Achievement: What aspect of your life have you not yet fully mastered and why?

10. Meaning & purpose: In what ways could you make your main efforts in life more meaningful or purposeful?
