

DIPLOMA IN MODERN APPLIED PSYCHOLOGY

The background of the entire page is a light green color. Overlaid on this is a large, abstract graphic of a human head in profile, facing right. The head is constructed from a complex network of thin green lines forming a wireframe. The interior of the head is filled with a pattern of overlapping, semi-transparent green triangles of various shades. Inside this triangular pattern, there are three large, interlocking white gears. These gears have a green outline and a solid green center. Smaller, fainter gears and arrows are visible within the head's structure, suggesting a mechanical or psychological process. The overall aesthetic is modern and technological.
