

DIPLOMA IN MODERN APPLIED PSYCHOLOGY

The background is a light green color with a complex, abstract geometric pattern. It features a large, faint silhouette of a human head in profile, facing right. Inside the head, there are three interlocking gears of different sizes, colored in various shades of green. The entire design is composed of numerous overlapping triangles and polygons, creating a low-poly or crystalline effect. Some of these shapes have thin white outlines, and there are small white dots scattered throughout, resembling stars or data points.
